The Magic World of Metalworking

Venue : Fiera Milano
 4-9 October
 Opening hours daily 9:30 a.m. to 6:00 p.m.

FUJI Booth No. Hall 4 D11

EMO Milano 2021 Exhibition Information

We are pleased to inform you that we will be introducing our products during the upcoming EMO Milano 2021 machine tool show from Oct. 4th to Oct. 9th, 2021.

Our new GYROFLEX, Ultimate Multitasking Machine, offers flexible production, which handles simple to complex workpieces. The GYROFLEX machine allows us to offer our customers completed parts machining in one machine with combined operations, reduction of set-up and changeover time with a minimum capital investment.

Newly Designed CSD300II, front facing twin spindle lathe, has increased rigidity and is loaded with new and improved features for faster, easier and stronger operation. The CSD300II gives you best solution for high volume production. We hope you find unlimited possibilities for our products when you visit our booth at EMO Milano 2021.

We look forward to seeing you at THE SHOW !
